SADDLE JOHNNY™

Never Ride on a Wet Saddle Again

The White Lightning Saddle Johnny saves commuters and everyday riders from ever riding on a wet saddle again.

Anyone who has ever left their bike outside knows the cold and wet feeling of riding their bike after a storm. Now, White Lightning's cover protects your saddle from the elements and you from a wet saddle.

Made from a 100% waterproof and UV resistant material, the White Lightning Saddle Johnny will protect your saddle from rain, sleet, and snow. The Saddle Johnny features built-in elastic for a tight fit and fits road, mountain, and hybrid saddle. It is easy to fold and stow, even fitting into the smallest of saddle bags.

The White Lightning Saddle Johnny is perfect for daily commuters and provides a dry ride every time!

FEATURES

Made from 100% waterproof and UV resistant material

Elastic band

Two sizes

Compact size

BENEFITS

Protects the saddle from rain, sleet, and snow

Tight and secure fit across a wide range of saddle sizes

One for standard saddles and another for larger, comfort saddles
